Law × AI × Automation | Litigation & Arbitration | IP & Commercial Law | LegalTech

Delhi NCR, India • +91-6201914114 • jyoti19111998@gmail.com • LinkedIn • jyoti19111998-hub.github.io/portfolio

PROFESSIONAL SUMMARY

LL.B. graduate (Top 10% of batch, CGPA 8.1/10) with hands-on experience in commercial litigation, arbitration, IP enforcement, and regulatory advisory at leading Indian firms — including AZB & Partners, HSA Advocates, and Sr. Adv. Chandhiok's chambers. Uniquely combines rigorous legal training with practical AI and no-code automation expertise: has built production workflows using Claude, GPT-4, Make, Zapier, and n8n that reduce manual effort by 90%+ and cut turnaround times from hours to minutes. Published on AI regulation and IP law. Available for LegalTech, automation, and legal research roles.

CORE COMPETENCIES

Legal: Commercial Litigation • Arbitration & ADR • IP & Trademark Enforcement • Contract Drafting & Review • Regulatory Compliance • Legal Research & Due Diligence • IBC / RERA / Limitation Act

LegalTech: Claude (Anthropic) • OpenAI GPT-4 • Make • Zapier • n8n • AI-Assisted Drafting • Workflow & Process Design • Document Assembly • Research Automation • Agentic AI Workflows

LEGALTECH & AI AUTOMATION PROJECTS (SELF-DIRECTED)

AI Social Media Automation Multi-platform AI content pipeline:

✓ 90%+ manual effort eliminated • Consistent daily publishing across 5+ platforms

Engineered an end-to-end workflow using Claude and GPT-4 to generate daily AI and LegalTech content, Pollinations AI to create matching visuals, and Make/n8n to auto-publish across LinkedIn, Instagram, X (Twitter), Facebook, and Threads — fully unsupervised.

AI Contract Review System Upload-to-report in minutes:

✓ First-pass review: hours → under 10 minutes

Built a workflow that accepts uploaded contracts (PDF/Doc), runs multi-pass GPT-4 and Claude analysis to flag risky clauses, identify missing provisions, and generate a structured review report with clause-level recommendations — ready for lawyer sign-off.

Daily Legal Judgment Digest Automated 7 AM case law briefing:

✓ Zero manual research • 100% of updates captured automatically

Automated daily search of legal databases for the latest judgments in a chosen practice area; Claude summarises the top 3–5 decisions and highlights key holdings; digest delivered by email, WhatsApp, or Slack before the first meeting of the day.

AI-Assisted Drafting Workflows Structured prompt-to-draft pipelines:

✓ Drafting time cut substantially across notice, memo, and clause templates

Developed reusable Claude and GPT-4 prompt chains to generate first drafts of legal notices, contract clauses, and research memos from structured inputs, with mandatory lawyer-in-the-loop review before any use.

Client Intake & Matter Automation Enquiry to matter in 5 minutes:	✓ Client response time: 24–48 hrs → under 5 minutes
No-code pipeline in Make/Zapier: client submits intake form → Claude classifies matter type → conflict check triggered → matter record created → personalised welcome email sent → consultation booked in calendar. Zero manual data entry.	
Limitation & Hearing Deadline Tracker Automated court-date alert system:	✓ Zero missed deadlines • Automated alerts for all active matters
Built a deadline-tracking workflow that ingests court listings and limitation periods, calculates critical dates, and sends tiered automated alerts (14-day, 7-day, 1-day) to counsel via email and WhatsApp — eliminating missed litigation timelines.	

WORK EXPERIENCE

Associate — Chambers of Sr. Adv. Amarjit Singh Chandhiok, Delhi	Jul – Dec 2025
- Conducted statutory and contractual due diligence across commercial litigation matters including contractual disputes, limitation, RERA, IBC, and arbitration proceedings. - Drafted legal notices, written submissions, and advisory notes; provided research-backed risk assessments for client advisory mandates. - Supported and participated in mediation and ADR proceedings; assisted in developing argumentation strategies for senior counsel.	

INTERNSHIPS

Sr. Adv. A. S. Chandhiok (IP & Arbitration)	Apr–Jun 2025
Led IP prosecution research, developed trademark enforcement strategy, and contributed to arbitration-related case preparation.	
AZB & Partners, Noida (IP)	Mar 2025
Researched trademark infringement and interim injunction strategies for corporate and biopharma clients; drafted LC reports and trademark assignment documents.	
HSA Advocates, Delhi (Regulatory & Contracts)	Jan–Feb 2025
Reviewed commercial contracts, PPAs, and force majeure provisions; drafted a Security Trustee Agreement and regulatory compliance advisory notes.	
Jus Contractus & Lawyers Villa (2022–2024)	
Researched Limitation Act issues, indemnity and multi-party agreement structures, and trademark registry compliance.
